THE SENATORSHIP.

Owing to the death of Senator Hardisty, a vacancy has occurred in the Senate which must be filled by the appointment of some gentleman in the Northwest Territories. Each locality will doubtless put forth its claims in this connection. Already the names of several gentlemen have been mentioned. Calgary has a candidate in the field in the person of Mr. Amos Rowe. While Mr. Rowe may be a man in every way qualified for the position, we do not think that he or any other person in the southern part of the Territories should be appointed. The southern districts already have three representatives in the House of Commons, one of them being a Minister and one in the Senate, while the entire Saskatchewan has only one representative in the Commons. We think, therefore, that Mr. Hardisty's successor should be taken from the Saskatchewan country. The next question is as to the particular gentleman to be selected. We know of no one better qualified for or more entitled to a senatorship than Mr. Thomas McKay, of this town, whose name we are glad to see has already been mentioned as a probable successor to the late incumbent of that office. Mr. McKay, from his long residence in this country and extensive knowledge of its requirements is pre-eminently suited for the position, and we feel certain that the Government could not make a more popular appointment, nor one which would be more in the interests of the Saskatchewan District. There is no gentleman in the Northwest who has served his country better in the past or who is more entitled to consideration at the hands of the Government than Mr. McKay, and being a native of the country, his appointment would give unbounded satisfaction to the entire native population, while it would meet with the approval of the new settlers as well.

"JUSTICE."

The last issue of our local contemporary contains a letter over the sobriquet "Justice," which was evidently provoked by one in a recent

issue of this paper referring to the late agricultural exhibition held here. "Justice's" letter is chiefly noteworthy on account of the frequency with which the word "cranks" is used. So often does the word occur, that an ordinary reader would come to the conclusion that the writer thereof must have had "crank" on the brain and must be considerate of a "crank" himself. "Justice," as men of the stamp we take him to be generally do, deviates from the truth, or rather tries to convey a wrong impression as to the remarks of our correspondent. He did not say that all the judges at the exhibition were unqualified, but that some of them were, and we believe that he was right. "Justice" objects to the abuse meted out to the executive. Our correspondent did not abuse the executive. Neither did we, but fault was found with them on account of their mismanagement, and we believe rightly. We have heard members of that executive admit that their was gross mismanagement of the Agricultural Society's affairs, and that what appeared in THE TIMES was nothing more than the truth. "Justice" evidently feels very much hurt. We think he must have something to do with the "Executive," and the truth of our correspondent's letter has come home to him too forcibly for his peace of mind. The cap fits, but he does not like to wear it. He concludes his lacrymose effusion with a reference to newspaper "cranks." As there are no such animals on our street, we are led to the conclusion that "Justice" must be a frequenter of the establishment on River street.

The Battleford Herald says the Hon. Mr. Dewdney has returned to Ottawa after a lengthened official visit to the west. During his stay he was almost daily waited upon by deputations, and the information he derived from this contact with the people will prove of incalculable value in the administration of his Department. Many of the cases brought before him were those of individual interest only; and it is a sign of the general prosperity and contentment in the Territories that all the interviews had with the Minister were conducted with the utmost pleasantness, and that no bulldozing or angry denunciations were indulged in by the interviewers. Business claims were presented in a business-like manner, and generally disposed of to the satisfaction of all parties.

Hon. Mr. Laurier's speech at Toronto some days ago is described by the Reform journals of the country to have been a brilliant and patriotic effort. The greater part of it was a defence of the position taken by the Liberal party in the House of Commons on the Jesuit Estate's Act. Mr. Laurier disclaimed any desire to establish a French nation on the banks of the St. Lawrence, and denied emphatically that he or his fellow-countrymen propose to assert the supremacy of the Pope over the Queen. Such an attempt would, he said, be treated simply as treason.

Charges, which the Winnipeg Free Press mildly calls "Yankee gall," have been made by U. S. special agent Wallace, charging that many million feet of timber have been stolen from the American side by Northwest Canadians. All the numerous mills and steamers on Rainy River are said to have been supplied for years by stealing. As the Saskatchewan District has all

the timber it will require for some time hence, the people of this District will not come in for any share in the punishment of those concerned in these depredations.

Father Chiniquay will deliver a course of lectures on Jesuitism in the Dominion capital towards the close of this month.

Peterboro, Ont., is erecting a market place, which will cost some \$25,000.

Agricultural Societies in the Northwest Territories.

In order to give effect to the vote of the last Session of Parliament of \$10,000 in aid of agricultural societies in the Northwest Territories, the following apportionment and regulations have been decided:

1. An agricultural society having fifty members, each of whom shall have subscribed \$1, may receive from the above vote \$150 and \$5 for every additional subscriber of \$1 each, not exceeding eighty-three in all; or for a subscription of \$83.33 the Society having membership as above, would be entitled to receive \$250, which is the largest amount that will be paid from the vote to any one Society.

2. It is a condition of any payment under the preceding section that the Treasurer of any agricultural society shall be required to furnish not later than the 15th October next, to the Department of Agriculture, Ottawa, a statement showing:—

(a) The name of the Society, and where located;  
(b) The names of the several officers; and  
(c) A copy of the list of the members of the Society, with the amounts subscribed and paid, set opposite the name of each.  
3. This statement must be certified by a declaration made before a Justice of the Peace, that it is true, and that the subscriptions have been paid.  
By order of the Minister of Agriculture.  
JOHN LOWE,  
Deputy Minister of Agriculture.
